Hamlin Pipers Lose Game To Lueders

Hamlin played host to Lueders last Friday night and dropped the game by one point. Hamlin received the opening kickoff and marched up the field to score without losing possession of the ball. The score was the result of a pass from Barnett on the 35 yard stripe to Rowland on the 20, who raced across the goal line. Try for extra point failed.

Just before the first quarter ended, the Lueders Pirates took over and on a pass from the Hamlin 42 yard line, Brown to Patty, the score was evened. Brown booted the extra point between the bars. Lueders 7, Hamlin 6.

Lueders scored again in the 3rd quarter after working the ball down to the 8 yard line. Dillard plunged over from that point. Brown again kicked the extra point. Score, 14-6.

Hamlin's second score came in the last quarter following a nice 35 yard run by Myers which placed the ball on the 5 yard line. From the 5 yard line Low plunged over for the score and then carried over again for the extra point. Score, Hamlin 13, Lueders 14.

This Friday night the Pipers will play host to the Spur Bulldogs, and from comparative scores and other dope available, the teams are about equally matched. This promises to be a hard fought game and the scores should be about even.

Soil Conservation Supervisors Will Be Elected October 5

On October 5, 1943, at 8 P. M., elections will be held in each soil conservation district subdivision within the State of Texas to elect a supervisor for each respective district subdivision. Every soil conservation district has five subdivisions, each with a duly elected supervisor. These five supervisors comprise the district board and this board is the governing body of the district. After supervisors are elected and certified they shall serve until, at a regular election within the subdivision from which he is elected his successor is elected and has qualified.

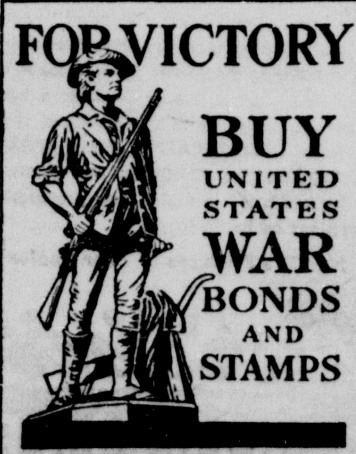

Any person who holds title to farm or ranch lands lying within a soil conservation district organized under the provisions of the Texas Soil Conservation Act, who has attained the age of twenty-one years and is a resident of the county, all or any part of which is included in such soil conservation district, has a legal right to vote in district elections. Supervisors shall be land owners in the district from which they are elected and shall be actively engaged in the business of farming or animal husbandry.

Card of Thanks

We desire to thank the people of Hamlin for their sympathy and interest shown our families in the hours of sorrow when death took our husband and father. We feel grateful for every token and expression of your friendship and love.

Hamlin's Bond Quota Of \$286,500.00 Lacked A Big Sum, Thursday, Noon

"This Is The Army" Turned \$911.00 Into Emergency Relief

Hamlin people have been privileged this week to see one of America's greatest pictures at the Ferguson Theatre.

"This Is The Army" had its premier opening here Monday night with a capacity house, tickets bringing from \$1.10, \$2.20 and \$5.50 including the tax. This noted screen production was sponsored in Hamlin by the Lions Club, with members selling tickets in advance.

Just before the opening, Lions Ted Russell and Mayor-Lion Joe Culbertson made short talks, the first on the bond drive now in progress. Mr. Russell stressed the fact that so far Hamlin had done nobly, but lacked quite a lot at that time.

Mayor Culbertson expressed his appreciation for the co-operation of the Lions in selling tickets and making it possible for this community to contribute nearly \$1,000 to the Army Emergency Relief and at the same time enjoy one of the greatest Army pictures of this war period.

Lion President Haskell Carter expressed his appreciation to Mrs. Ferguson on behalf of his club, for the privilege of helping the Army in this way. He heard a "motion" back in the building which was interpreted to mean that some Lion wanted to propose Mrs. Ferguson as an honorary member and the question was put and the entire audience voted her that honor. She was presented to the president, who presented her with a beautiful pin. She modestly accepted.

Mrs. Ferguson said the receipts amounted to \$1,002.00 and after the War Tax was taken out, there was a neat sum of \$911.00 for the Army.

The picture was so popular that she carried it over two more nights on her regular run, and at each showing the house was well filled.

Thus by proper co-operation, a good and creditable job was done.

Flat Top Defense Club

The Flat Top Defense club entertained Thursday night with a pie supper. Mr. Ted Russell was the auctioneer. \$3,665.50 worth of bonds and stamps were sold. Our next meeting night will be October 7, when Mrs. E. C. James and Miss Winnell Schrimsher will have charge of the entertainment.

3rd WAR LOAN
Buy More Bonds

OVER \$220,000 BONDS BOUGHT TO DATE

THIS IS THE LAST CALL: The time limit for selling bonds in this Third War Bond campaign ends this Saturday night.

Hamlin community, the community interests, have purchased already over \$220,000 worth of war bonds in this drive. It is a magnificent showing but they say our Hamlin and community quota is \$286,500. So you see that we are far from the end.

Many local communities have gone beyond their quotas. Some of our neighboring towns and counties have gone over. We, Hamlin, lack only \$60,000 at noon Thursday, September 30. Two more days to go. We believe it will be raised and more than enough to reach the quota. Remember for this town and community \$286,500 is a huge sum. The money is in our local bank, and the people who have it lying there should lend it to their government in this great task.

Safeway Store Has A New Manager

Wednesday morning Mr. and Mrs. Horace Justice and little son, left Hamlin for Abilene, where Horace takes the management of one of the good stores of that city. This is a promotion for Mr. Justice, and in that case his friends here congratulate him.

While in Hamlin Mr. Justice made many friends, in different circles and the fact that he goes to a larger field, is proof that he made good here.

The new manager is Mr. Walter S. Snead, of Sweetwater, a young man who has been with the Safeway Stores the past five years. He is moving his family, the wife and two children to Hamlin as soon as a house can be found. Mr. and Mrs. Snead have two children of school age, and would like to get a house as convenient to the Grammar school as possible.

Another new man is at the Safeway this week. He is Mr. T. A. Havins, of Abilene, who came last Friday. He has a wife and three children and they have a place to live in East Hamlin.

TWO BROTHERS DIED

About three or four weeks ago, Robert O. Davis, a brother of Mrs. Albert Moore was killed in a traffic accident in California.

Last Sunday another brother, Jesse Davis, died in Phoenix, Ariz., from some natural cause.

Mrs. John Jenkins and son Jimmie of Amarillo, are visiting her mother, Mrs. Lala Herbert and Mr. Jenkins' parents, Mr. and Mrs. O. L. Jenkins.

Rotary Governor Made Friends Here

Tuesday afternoon, to Wednesday afternoon, M. W. Lamour of Graham, Rotary District Governor of the 127th District, mixed with the Rotary membership, making many friends and impressing them with the things Rotary is doing over a wide area of the world, that is free of Axis domination.

There are about 58 clubs in this district and it takes a governor almost his full time to visit the towns once during his term of office. Mr. Lamour went from Hamlin to the Rule club.

New Baptist Pastor, Rev. Martin, Arrives

Instead of reaching Hamlin the second Sunday of October, Rev. B. J. Martin and his wife arrived late Wednesday afternoon from McCamey.

Moving is a big and trying job for anybody, and for lack of time and information, the new pastor requests the Herald to briefly announce that he will conduct the services this Sunday in the usual programs beginning with the Sunday school through the evening services.

Mrs. Arnold Galloway is home and able to be about after a serious head operation and eight days in the Stamford Hospital. Her husband, Pfc. Arnold Galloway from Fort Bliss, Texas, stayed with Mrs. Galloway during her illness, but has returned to camp now.

Mrs. J. J. Hines is making her daughter, Mrs. Annie Garner in Berkeley, Calif., a present of the Hamlin Herald for one year.

W. A. Arrington Is Claimed By Death

On Thursday, September 23, while Mr. and Mrs. W. A. Arrington, and their daughter, Mrs. Ray Huling and Mr. and Mrs. J. M. Dubose were at Seymour, on their way home after a visit with Byron Arrington, in Oklahoma City, Mr. Arrington became ill and died within a short time. Death came at 4:35 P. M.

Mr. Arrington was born in Alabama January 2, 1874. He came to Texas at the age of 17 and settled with his parents in Wood County. He was married to Miss Mary Cowley Dec. 11, 1901 and the family came to Jones county in 1921 and settled in the Hanna community where he was prominent as a farmer. In March of this year they purchased a home in Hamlin, near the Grammar school.

The survivors are the companion and two daughters, Mrs. Huling of Hamlin and Mrs. Jess Matheson, of Amarillo and one son, Byron Arrington, of Oklahoma City. There are five grand children and four brothers and one sister.

Funeral services were held in the First Baptist church of Hamlin, at 3:00 P. M., Saturday, with Rev. L. D. Crumpler, a former pastor of the family, officiating.

Burial was in the Fairview Cemetery by the Barrow Company.

Red Cross to Elect Officers Oct. 12th

At the next regular meeting of the Jones County Chapter of the American Red Cross, to be held in the Production Room at Stamford, October 12, at 8:30 P. M., the election of officers for the year 1944 will be held. Every Red Cross member is welcome to attend.

An offering for World Service will be placed on the altar of the church.

The church must not fail our country in its time of greatest need. America needs a new birth of moral and spiritual vitality. The church should lead in a great spiritual advance. Let Hamlin Methodism meet this challenge and help to bring "Peace on Earth and Good Will Among Men."

Rally to the church and to your Christ and attend the Rally Day services next Sunday.

Visitors are welcome.

Mexican Woman Died On Street Monday

Monday night about 8:30 a truck bearing several Mexicans rushed up to the corner of the John T. Day Hardware building with a woman suffering great agony. Hurry relief was attempted, a doctor was called, who administered to her, but within a few minutes she was pronounced dead.

Barrow Company took charge of the body and prepared it for the trip to Donna, Texas. The people were gathering cotton on the Tom Holman place, and had been here but a short while.

THIS WEEK

A LITTLE BIT ABOUT

This
AND A LITTLE BIT OF
THAT

—We see where old Mussolini has had an operation to correct his liver. We have known all the time that the old buzzard had a bad liver. He is like some other old guys, when they act crazy-like, better look into the liver. Sometimes we think the liver has about as much to do with the way some folks talk and act as the brain does.

—The American people like to use slang. It is a common thing to hear "It's just a bunch of Hooley." Hooley here and hooley there. Just a hooley age. In fact, there is too much hooley going around to entertain folks these days... just a lot of balogne! But slang helps some people pop off, or else they would "bust" wide open. So slang has a use.

—The Hooley Age is just starting... listen, the year 1944 will be the greatest hooley year in our history... it is already springing up. Some folks are having monkey fits for fear the other fellow is going to get some credit... this is the best time this nation ever had to keep an even keel, steady pulse, all along the line. Bud, you need not get "skeered" while Uncle Sam still reigns. You just try some dirty trick and see.

—One of the hooley harangues going about over the country is a lot of rot about this nation losing its Democracy, its individuality, its private enterprise, etc. It does look like anybody, even a hooley-monger, would understand that such hue and cry is weakening confidence right when we need every ounce of stamina to finish a fight that was thrust upon us. Let's cut out such balogne. One of these days the Germans and Japs will have their breaches beat off them, and then, if there is something that scares you in the home land, don't fear, it will be taken care of. Remember, chap, you can't go along as usual and fight a terrible war. But maybe you are not making as many dollars as you think you should—hence all your hooley, and howl.

—Read what Major Leo Fielder says in this issue. Maybe it will cause you to bow your head in shame to think of kicking about your country. It is such boys as Fielder who are holding back the demons of death from this lovely country. Of course Fielder is getting a pretty good salary but he is not thinking of just dollars and glory for himself. He is not hunting an easy spot to light, but the hot spots of the Germans to blast the hell out of them and then come home. Maybe such fellows as Major Fielder will have enough guts to stand a few chizelers up in this country and get 'em told.

—Well, let's cool down a bit. The clouds have been with us about two weeks now. Some rain has fallen and ere long winter will soon be here. But if it does not rain more we will not have many turnips and greens... and hog ribs and backbone and hog "jaw" may be scarce... but we'll get along like kings compared to what we are going to hear about before spring again.

How Long Will Germany Last?

It would seem that preparations in Washington and London point to at least another year of war with Germany.

To this date there is no let up in ship building, no let down in airplane construction, no talk of stopping enlistments of soldiers, and more and more of everything is being arranged for. That is all well and good. Better have more than is needed than a speck too little. Too little and too late costs lives in war. Just this one thing to keep in mind: Germany and Japan and all others who want to feel the mighty power of the two greatest nations in the world can get plenty if they want it. Germany and Japan are going to be blown to bits of rubble, if it takes years and years after this one. But both of them and all others can have peace, security, prosperity and full independence if they will surrender and use a little common sense.

How long will Germany last? It looks like our prediction will come true.... Germany down by Dec. 15. (Anyone will allow us thirty days of grace on that guess). The greatest nation to be grateful for, by this United States, is Russia. Russia has kept the horrors of bombs from this country. True this country and the British Commonwealth has furnished Russia much to fight with, but every dime spent for her help has saved untold misery to our men and this homeland. Russia has got the Germans on the backup, and why think of anything but that they will keep up the pressure till every German is off the Russian soil? Why think Russia will stop even at the border of Germany? Russia has a grudge to pay, and every occupied country has enough to pay back to Germany till it would be unreasonable to think they would hesitate on the border of Germany. That's where they will throw up their hands and surrender.... to the border the fight must go.... and in and on till their home firesides will know what war sounds like.

How long will Germany hold out?

Remember this: the nearer our forces get to Germany's border, the harder she will fight. Every country now occupied will be a rubble of death and destruction before Germany backs out of it. Every sizeable city in Italy, even Rome and the Vatican City will be in ruins before they give it up. Hitler has said "If we go down we shall take the rest of them with us." Every larger city in the suffering countries will be laid waste, like Naples. But that is war as designed by Germany and Japan. When Our Forces reach Germanland or when hunger gnaws at the stomach of the German population, then, and not till then may we expect a surrender. In the meantime, Our Airforces will pound and beat down every factory, port, plant of war that can be found, and only the weather can prevent the constant bombing. They asked for it and from here out they will get more than human endurance can take. Have they got common sense? It is past time to use it. This United States has not yet used one-fourth of her power in materials, manpower and ingenuity.

Again this column says it would be a good stroke to drop out over Germany a few thousand prisoners to let them tell what is coming if surrender is not quickly coming. The people of Germany can not know any other way till it is too late.

If all the people were as anxious to buy bonds as one little eleven year old girl in our community, there wouldn't be any trouble in making our quotas. The young lady I am speaking of is Ivy Mae Whitten, daughter Mr. and Mrs. T. D. Whitten. Ivy Mae decided as soon as school was out in May she wanted to earn money for a bond. She caught mice at one cent apiece, but decided that was too slow so she asked her mother if she would give

her a quarter for each two books she would read. Her mother agreed. Ivy Mae read books from the Baptist church library. When cotton was ready to pull, she pulled bales. She went into the post office on Saturday and bought stamps to finish her book, then turned her book in for a \$25.00 war bond. Ivy Mae is very proud of her part in helping to win this war. She has a brother, Pvt. Creston Whitten in the Marine corps in California. Good girl, Ivy Mae.

Mrs. Beatrice Owen has returned home after spending the summer months visiting her daughter, Mrs. Fern Zottz, in Richmond, California. Mrs. Zottz's husband is overseas with the navy.

Mrs. Marie (Lawlis) Henley is spending a few days with her parents, Mr. and Mrs. Edward Lawlis before going to work in Roby.

Mrs. Henley has been in San Antonio with her husband until his transfer.

Lieut. Albert Maberry of Camp Shelby, Miss., and Pvt. Clarence Maberry of Ft. Sam Houston, San Antonio, are visiting their parents, Mr. and Mrs. J. P. Maberry.

A bridal shower honoring Mrs. Jean (Kelly) Bearden was given last week by the 3-H Sunday school class in the home of Mrs. Paul Turner. Many lovely and useful gifts were received. Jeanie, we wish you the best of luck.

Congratulations to Capt. and Mrs. Herbert McHaney on the arrival of a son, James Herbert, Jr. on Sept. 22. Capt. McHaney is overseas with the Seventh Army.

Good wishes and congratulations for Sgt. and Mrs. Bill Bridges. Sgt. Bill Bridges of Camp Barkeley and Miss Elizabeth Parsons were married in Sweetwater on Sept. 25th. Sgt. Bridges is a native of Tenn. Mrs. Bridges is the daughter of Mr. and Mrs. T. W. Parsons here. Elizabeth finished High school here and with her sisters owned a beauty shop in Abilene for some time and still plans on making her home in Abilene.

Mr. and Mrs. Frank Lawlis of Lubbock visited in the homes of Mr. and Mrs. G. S. Barnes and Mr. and Mrs. George Lawlis over the week end.

Mr. and Mrs. Truman Chapman of Lubbock, Mr. and Mrs. Tom Bolin and children of Sweetwater, visited in the Sim Chapman home over the week end.

Mr. and Mrs. J. D. Green have moved to Dallas to take defense jobs. We hate to lose them, but wish them luck.

Cpl. Mack Blair and Pvt. Carlton Brewer and S-Sgt. Jimmy Peace of Goodfellow Field, San Angelo, are spending a short leave with friends and relatives here.

Mrs. Kate Boyd of the Newman community was surprised with a birthday party last week. Ice cream and cake were enjoyed by Mr. and Mrs. Calvin Elliott, Mrs. R. A. Boyd and Earl, Mr. and Mrs. Guy Mauldin and children, Mr. and Mrs. Lee Mauldin and children, Mr. and Mrs. Herrill Snider and son, Merenna Vaughan, Mrs. Darl Mauldin and son Leroy.

I wish to thank Mrs. E. P. Harris for a year's subscription for her family and her father-in-law, also Mrs. Pearl Henson one year's subscription, and Mrs. Pursley for the subscription for her son, Pvt. Eldon Pursley.

I GIVE YOU TEXAS

(By BOYCE HOUSE)

"Little Aleck" Stephens, who was vice-president of the Confederacy, made a point when he was joint-debating in a race for Congress. His opponent, a heavy-set man, said, "Why, I could swallow Stephens at one gulp." Instantly, Aleck retorted, "If you did, you'd have more brains in your stomach than you've got in your head."

While one Austin statesman says that gasoline rationing is unnecessary because "the people of Texas are drowning in oil," the oil industry of the State has been pleading for more than a year for an increase in the price of oil on the basis that wildcatting needs to be encouraged so new fields can be discovered and a famine in oil prevented!

Personally, I think the oil men know more about the oil situation than the Austin politician does.

The people of Texas may be in danger of "drowning" in something but I never heard it called "oil" before!

Millions Of Men Now Travel By Pullman

Taking all of Jones County's 23,400 people around the world in sleeping cars more than 27 times would be a tremendous undertaking, yet that is actually about the size of the troop movement job reported today by The Pullman Company.

Since Pearl Harbor, Pullman has carried about 14,000,000 troops a distance of more than 15 billion passenger miles in its sleeping cars, the company reports. These figures are said to cover mass military movements alone, and do not include the heavy travel of furloughed men and others.

Many of the boys from Jones County, like servicemen from all parts of the country, are getting their first Pullman rides, according to George A. Kelly, vice-president of the company. Now most of them are making six or seven trips by Pullman, as the intense training program of the armed services necessitates that many moves or more prior to embarkation for points abroad, he said. In addition, the Army and Navy believe in all the comfort possible for the members of the armed forces, he declared, and about two thirds of all military movements by rail are by Pullman sleeper.

Pullman is now carrying more than 800,000 troops every month in mass movements, it is revealed by Mr. Kelly, who pointed out that in addition to this heavy and steadily increasing military passenger burden, civilian travel itself is also at a record-breaking level. He believes that Pullman's passenger mile volume for 1943 may exceed the 1942 all-time high of 19 billion by 30 or more per cent.

"The military and civilian passenger burden of Pullman and the railroads today is, so heavy," Kelly said, "that there is unfortunately little margin left for some of the conveniences travelers enjoyed in peace time. Service today is war-time service, and by their understanding and tolerance of this fact, travelers can help us greatly in the performance of our vital job."

About Soldiers--Sailors

MAJOR LEO FIELDER

WRITES FROM SICILY

August 25, 1943, to Coy at Tahoka:

"Just received your letter of July 30, which was the first I have heard from you in 3 weeks. A lot has happened since I last wrote you. Besides our operation, we have been in three moves, so you see we have been quite busy. Well, now that the Sicilian campaign is over, I am at liberty to tell that we were in the operations of bombing the two small islands, and also Sicily. We were in it from the beginning to the finish. O yes, another interesting thing, we were stationed on the island fortress of Malta for about three weeks. Quite an interesting place it is. A lot of history behind the place. You have probably guessed—we are somewhere in Sicily. Not such a bad place, but hardly see that it is worth fighting over. It is a very rugged country with some farming and stock raising. There are three or four pretty good sized towns, but not much left of them. It is not so bad living in a conquered country, as a majority of the public is glad we are here and are for us 100 per cent.

"I have just returned from a tour of the northeastern part of the island where the heaviest fighting and bombing took place, and believe me, it is a sight to see. One town in particular, which we bombed quite heavily, is a complete shamble of ruin. There is not a single building in the entire town that is left untouched. It more clearly indicated to me what concentrated bombing will do. The civilian population of these towns is in a pitiful state of being. The country has been almost starved the past few years, plus what the German army has taken from them, leaves things in a pitiful condition. These sights have made me to fully realize how fortunate the American people are that this war is not being fought in our own home land. If all my efforts in this war only accomplish the one thing of keeping the evils of war away from our country and people, then I will not have served in vain. I only wish there was some way I could transmit this picture to some of our so-called citizens who are not satisfied with working and living conditions which they have to endure.

"As for my coming home, I see no soon possibility of such a thing. Yes, I am a bit tired, but my work is still interesting. I am in the happiest position of my life. It is a great feeling to have a command, and know that you are looked to as their leader."

Leo Fielder

(Major Fielder is one of Hamlin's first young men to get into this fight. He has been in the front lines of bombing with his fast planes since the fight started in Tunis. He ought to know the battle tricks from A to Z by now. Luck to you, Major).

Pvt. Frank Campbell sends his parents a letter that says "I am back again," and up there "round New York, somewhere." You see this old Hamlin kid has seen a lot of water lately. It sounds pretty safe, as he goes over and comes back, surely he is not riding a Ford.

Mr. and Mrs. Tate May went to Camp Walters Wednesday afternoon to see their son, Pvt. James Tate, who was to be sent immediately to some camp in Mississippi.

Corporal James Whitaker writes us from the new camp of the 90th Division in California how well pleased he is to be nearer his home. He also wants the Herald to say for him that he appreciated the courtesies of his Hamlin friends while he was in Camp Barkeley. He says, "Hamlin was second only to my actual home, and I will always feel that way." James is a son of a former pastor of the Nazarene church in Hamlin. He is in the 345th Field Artillery.

Sgt. Claude C. Dobbs from Fort Bragg, N. C., was here Wednesday and Thursday visiting friends. He lives in some other place, but feels like Hamlin is his home. Dobbs has been in the army since 1941, saw lots of the SW Pacific, but no battle experience. He says that since coming back from the islands, Hamlin Herald's, months old, are still reaching him, much worn but readable. The army postal service is doing a great job in getting such mail to our men. And there's nothing they enjoy better than a little paper from people where they have lived or are known.

It is about time to hear something more about our Hamlin officer, William B. Teague, who is still taking treatment for loss of a limb, at the Walter Reed Hospital in Washington. He is expected home right away. The Herald has a clipping, and his picture, telling quite a bit about how he was wounded in New Guinea about a year and half ago. We had better wait till he comes in to relate anything.

Sgt. A. L. Hudson came in last week from Brooks Field, San Antonio, to spend 15 days at home with his mother, Mrs. O. S. Hunter. This young man has been in the service over two years.

Staff Sgt. Fred B. Moore came in Tuesday from Gore Field, Montana, to spend a good furlough with his parents, Mr. and Mrs. F. B. Moore. This is another young Hamlin man who is making mighty good in the army. Fred B. looks the picture of health and pep.

Clay Bailey, who has been with the Coast Guard Patrol, has been sent to San Diego for training in the Radar school. He was one of eight out of many chosen for this new field of training. Bet he will make good there, too.

Pvt. Jake Armstrong, son of Mrs. Ella Armstrong, has landed safely in England. He is in a QM Truck Co.

Women at Work for a Railroad at War

America needs millions of women to take over war jobs... to stay with those jobs... to help speed the day when our fighting men will return victorious!

Santa Fe women are answering this call all along the line.

Right now thousands of Santa Fe women are doing war-vital work to "keep 'em rolling." Many are pitching into "unglamorous" jobs... greasing engines, operating turntables, welding shovels, working in blacksmith shops,

and cleaning roller bearings. They take pride in their work, too!

Many of these women have husbands, sweethearts, brothers or sons in the armed forces. Many came to work to replace a Santa Fe relative who had been called into service. Others took jobs because they knew womanpower must step in when manpower goes to war.

☆ We of the Santa Fe salute these women who know that what they are doing is vital to Victory!

Juniors Organize Labor Party

Work! Work! That's our theme song. We realize how unusual that is, especially for a gang of Juniors. But nevertheless, the Junior class of Hamlin High has decided to do something about the labor shortage. You need some help, we need some money. Next Wednesday, and Thursday afternoons, Oct. 6th and 7th the members of the Junior class will be at your service. We'll do what you don't want to do from 5 P. M. until 8 P. M. We will wash dishes, scrub floors, mind the baby, wash the car, rake the yard. Anything you want done. If you would like to make an appointment or have some particular boy or girl help you, call one of the following numbers: 282, 351J or 242.

This is your chance to get some work done. We are eager to help you. So call on us! Reporter

Woman's Missionary Society

The Woman's Missionary Society of the First Baptist church meets Monday afternoon at 3:30 for the installation of new officers for the coming year. Mrs. Carl Young is the new president. Mrs. J. W. Ezell, vice-president; Mrs. H. O. Cassle, secretary.

Two new circles have been organized. One the Deta Circle on the South side, and a Business Woman's Circle.

The Young People's work is well organized with sponsors for each organization. We are hoping to have a good representation Monday.

The new year books are ready to give out, and we have our new Bible Study books here. It is also the beginning of our week of prayer program for State Missions.

The weather has been so hot that all organizations have suffered a decrease in attendance. But now it is cooler and with a new pastor and his wife moving into the parsonage again, we should all take on new courage and make this year our best year's work in our church.

Miss Maxine Brundage A Teacher In Chicago Conservatory of Music

Information has been received that Miss Maxine Brundage, daughter of Mr. and Mrs. B. M. Brundage of Hamlin, has been selected as a teacher in the Chicago Conservatory of Music where she is now taking her senior work. This is an unusual honor to be given to a student. Congratulations Maxine. The Herald is proud of our girls and boys.

American Legion Post Urges Physical Fitness Courses and Drilling

RESOLUTION

Whereas:—The experiences of the armed forces of the United States since our engagement in World War II shows that 33 per cent of those called to the service are physically unfit for military service and most of this could have been corrected by proper physical education and

Whereas:—A large majority of the students attending secondary schools in the past have not taken part in any directed physical education and

Whereas:—The National and State Departments of Education along with the heads of the various departments of the armed forces are strongly recommending to all High schools that they institute courses of physical fitness including military drill, making such courses available to all students and particularly to all male students attending these schools and

Whereas:—The results obtained in schools where the program of physical fitness and military drill were given last year have been highly complimented by the military authorities who have observed those who have gone into the armed serv-

ices who have received this training in schools prior to their induction and

Whereas:—It is believed military drill instructors may be obtained from Texas Guard Companies, returned soldiers, army training camps and World War I Veterans.

Be It Resolved:—That Anson Jones Post No. 72, The American Legion, Anson, Texas, in regular meeting assembled September 6, 1943, urgently recommended to each of the High schools of Jones County make an ardent effort to institute physical fitness, including military drill into their weekly school programs, particularly for male students and in so far as possible for the girl students.

Be It Further Resolved:—That a copy of this resolution be mailed to each of the High school superintendents in Jones County, a copy to each of the county news papers and a copy made a part of the minutes of this meeting.

Resolution, passed by unanimous vote of the Anson Jones Post No. 72, The American Legion, Sept. 6, 1943, Anson, Texas.

Attest: F. L. Akers, Adjutant

How Your Fire Insurance, too, Helps "Pass the Ammunition"

Little-known services, now in vital war role, have reduced fire losses and average rates 40% . . . while your premium dollar has contributed to profits an average of only 2 2/3c!

"Dear Fellow-American: Few people realize that tanks and guns, planes and food supplies are reaching the fighting front faster . . . because of little-known extra services rendered by the leading fire insurance companies I represent.

"These services guard vital industries and individual homes and lives. And because they reduce fire losses, they have greatly reduced the cost of fire insurance to you as an individual.

"What are these extra services? Here are a few of them:

FIRE PREVENTION ENGINEERS

These experts act to improve fire protection of war factories, grain elevators, wharves and docks. They regularly inspect cities and towns from coast to coast—map fire hazards, check fire-fighting equipment and alarm systems, help to plan fire-safe schools.

"In 30 years, such services as these have reduced both the rate of fire-loss and the average cost of fire insurance by more than 40%! Out of each premium dollar, 97 1/2c on the average has been applied to the payment of policyholders' losses, taxes and other necessary costs of operation. Only 2 2/3c has remained as 'profit'—to strengthen the companies' ability to pay unusually heavy losses should they occur in the future."

Let us give you the sure protection of this double-duty insurance that pays if fire strikes—and helps keep fires from starting.

FREE! Fascinating guides to help you hold your own Fire Prevention Week in your home! Included are interesting check lists to spot dangers—hints that might save your family's lives—ways to check fire hazards in your job or business. They're free—ask us for yours today!

POT SHOTS FROM M'CAULLEY

BY GEO. DARDEN

Chief Petty Officer Elwood Kean and wife of Arlington visited last week end in the home of parents, Mr. and Mrs. W. C. Kean. The Kears are being transferred from Arlington to Corpus Christi.

The first meeting of the P-T. A. for this year was held Friday at the school house. Mrs. Melvin Courtney president, presided. After a short business session, the following program was given: president's message, by Mrs. Levi McCollum; Freedom of Normal Home Life, by Mrs. C. D. Jones; Purpose of Lunch room by Mrs. J. W. Rush. The following members were present: Mmes. Melvin Courtney, O. T. Hennington, L. E. Rector, George Maberry, J. W. Rush, C. D. Jones, Levi McCollum, Omar Prather, Louis Boyd, M. S. Sewell, Jeffries, H. P. Powers, Ora Darden and Geo. Darden; Mr. H. P. Powers and Roy Hennington.

Mrs. J. W. Rush honored Pvt. A. J. Cook with a party last Saturday night in her home in East McCaulley.

Mrs. Melvin Henderson has gone to Dublin for a visit with parents, Mr. and Mrs. S. A. Johnson.

Mrs. R. L. Miers, Mrs. Luther Rector, Mrs. Geo. Darden and Mrs. George Maberry attended a tea honoring Mrs. Roland Roberts, nee Marshall Headstream in the home of Mrs. C. M. Jay in Roby last Thursday afternoon. Mrs. Roland is Fisher County Treasurer. She was married in July in Boise Idaho, to Staff. Sgt. Roberts. Mrs. Roberts has returned to Roby to her office duties.

The Women's Missionary Society of the McCaulley Baptist church opened its week of prayer for State Missions Monday evening at the church. Mrs. W. C. Kean was in charge of the program. Eight ladies were present. All ladies of the church are urged to attend these weekly meetings.

J. O. Jones, L. B. Miers and Louie Jones of Slaton were visiting in McCaulley a few days ago.

Bennie Ray Jones, son of Mr. and Mrs. C. D. Jones, was home last week end from McMurry College.

McCaulley Senior Class Organizes
Members of the McCaulley Senior class met last Wednesday and elected officers as follows:

Kenneth W. Decker, president.
Mary Ann McCollum, vice-pres.
Patsy Berry, secretary.
Joan Shelley, reporter.
H. P. Powers, sponsor.

Class motto and class colors are to be decided on at the next meeting.

The members of the 1943-44 class are looking forward to an enjoyable year. Schedules and subjects have all been arranged whereby all members of the class were given some options and have thus been able to select satisfactory courses. One or two of the members will probably graduate at mid-term.

—Joan Shelley, Reporter
Juniors Meet

The Junior class of the McCaulley High school had its first class meeting Sept. 23. The class met to organize for the year. Sponsors elected were: Mr. and Mrs. Melvin Courtney; room mother, Mrs. George Maberry; officers, Nelda Lee, president; Ruby Joyce Redus, vice-pres.; Bobby Maberry, sec'y-treas., and Johnnie Max Jones, reporter.

Mrs. O. T. Hennington's pupils gave a program at the school house last Friday afternoon before the P-T. A. meeting. All present enjoyed the program given by these little folks. Mrs. Hennington is a mother to 36 youngsters nine mos. out of the year and is doing a good job with the little folks.

The school lunch room is still not in operation due to the fact that we are waiting on a gas meter permit from Washington. Might be a wise idea for some one to wire the Congressman about the unnecessary hitch.

County Commissioner E. C. Waldrop attended the Judges' and Commissioners' convention in Midland last week.

Mr. and Mrs. Granville Dean and daughter of Fort Worth were visiting in the home of parents, Mr. and Mrs. Charles Eivens and Mr. and Mrs. John Dean last week end.

Miss Velma Lou Boyd, a teacher in the Dal school, visited last week end in the home of parents, Mr. and Mrs. L. H. Boyd. Miss Boyd is as happy as is her little pupils a sthis is her first year at teaching.

Mrs. Vera Jayroe and Grandmother Yarbrough spent last Sunday in the home of Mr. and Mrs. Bill Pickron in Hamlin.

Soldier boys may have visited in this community last week, if so we would be glad to know about it for this column, as all we know is what we see and what some one tells us. Your co-operation appreciated.

Miss Ruth Hunter is visiting with relatives in Fort Worth and Dallas this week.

On business in Abilene last Monday were Melvin Hunter, Harvey Hennington and this scribbler.

A nice rain is falling at this writing and more rain is expected from the looks of the clouds.

The McCaulley community is still in need of cotton pickers. The cotton is white, the crop short and the gin hands playing mumble peg and pitching horse shoes and the gin manager with the ring tail. Come to see us.

COMMENT No. 1—Personally, we have always had the farmer, stockman and laboring class of people at heart and of course the way things are just now most people don't know just where they are in a business way. One day we get a new ruling about this and that, and maybe the next day the rule is changed altogether. Right now, the farmer and ginner is in the same boat. Under the present system of handling cotton seed, the ginner as well as the farmer is in the dark all the time as to where he stands. When cotton seed are delivered to oil mills they are sampled and analyzed by a chemist and settlement is made to the ginner on actual grade of the seed foun. In the meantime, it is impossible for the ginner in buying seed to know what he is going to receive for those seed. The ginner is allowed \$3 per ton for buying and handling seed, but if the grade of the seed is lower, then the

oil mill pays him less for the seed. The ginner has to lose the difference. The ginner buying seed this week is supposed to pay for them on the supposition that the grade this week will be the same as it was last week in his county. If the grade of the seed is better this week than it was last week then the farmer has to take the loss. Under existing regulations basis seed are rated at 100. Seed that grade less than basis are rated down by points, and seed that grade above basis are rated up by points. We have been asked many times about this seed business and though we are in the gin business we are in the same boat with the farmer and we never know what will happen next but just want to be honest with our customers by explaining to the best of our ability the seed situation as it exists today. Oil mills have a protection that neither the ginner nor farmer has. Oil mills buy their seed on guaranteed grades paying for what they get. Neither the farmer nor the ginner has any sure basis on which to figure the value of cotton seed at the gin, so the farmer and ginner are still in the same boat. And about all we can do is to sit and wait for OPA to issue another order and pray to the good Lord that they in the OPA will some day see the light.

FLAT TOP NEWS

By Winnell Schrimsher

The Flat Top Defense club has reorganized and the following officers were elected: Mrs. Earl Brown, president; Clinton Packwood, vice-president; Winnell Schrimsher, secretary; Mrs. E. C. Davis and Mrs. Larry Holmes, program committee, and the committee in charge of selling bonds is Homer Neal, Earl Brown and Charlie Carter.

Nice crowds attended preaching services Sunday morning and night. The pastor and his wife, Rev. and Mrs. J. D. Holt, were guests of Mr. and Mrs. Roy Bruner.

(The above is only a part of the Flat Top news received too late last week for publication).

Mrs. G. Cleve Dunn has returned from Ruidosa where she spent the summer operating the Texas Cabins. Mrs. Dunn reports a successful season.

Miss Florene Smith was up to visit home folks last week. She went to Norton, Kansas, to spend a part of her vacation before returning to her job at the Consolidated in Ft. Worth.

There is one group in this country that is contributing nothing to the war effort; on the contrary, it is a liability. They are criminals who have been found guilty and are "laying out" their fines in jail. They are sitting around, playing cards, telling jokes, reading magazines, eating regularly and getting plenty of rest—at the expense of the taxpayer.

Every patriotic citizen is willing to buy all the war bonds he can and to pay his share of the taxes to run the war, but he is not willing to have his money wasted on these unpatriotic, lawless bums, who are infesting the jails of the land, "laying out" fines. In many cases, they have the money—or could get it—to pay the fine. If they can't or will not pay the fine, then all who are able-bodied should be compelled to work it out.

Hamlin Pipers Lose Game To Lueders

Hamlin played host to Lueders last Friday night and dropped the game by one point. Hamlin received the opening kickoff and marched up the field to score without losing possession of the ball. The score was the result of a pass from Barnett on the 35 yard stripe to Rowland on the 20, who raced across the goal line. Try for extra point failed.

Just before the first quarter ended, the Lueders Pirates took over and on a pass from the Hamlin 42 yard line, Brown to Patty, the score was evened. Brown booted the extra point between the bars. Lueders 7, Hamlin 6.

Lueders scored again in the 3rd quarter after working the ball down to the 8 yard line. Dillard plunged over from that point. Brown again kicked the extra point. Score, 14-6. Hamlin's second score came in the last quarter following a nice 35 yard run by Myers which placed the ball on the 5 yard line. From the 5 yard line Low plunged over for the score and then carried over again for the extra point. Score, Hamlin 13, Lueders 14.

This Friday night the Pipers will play host to the Spur Bulldogs, and from comparative scores and other dope available, the teams are about equally matched. This promises to be a hard fought game and the scores should be about even.

Soil Conservation Supervisors Will Be Elected October 5

On October 5, 1943, at 8 P. M., elections will be held in each soil conservation district subdivision within the State of Texas to elect a supervisor for each respective district subdivision. Every soil conservation district has five subdivisions, each with a duly elected supervisor. These five supervisors comprise the district board and this board is the governing body of the district. After supervisors are elected and certified they shall serve until, at a regular election within the subdivision from which he is elected his successor is elected and has qualified.

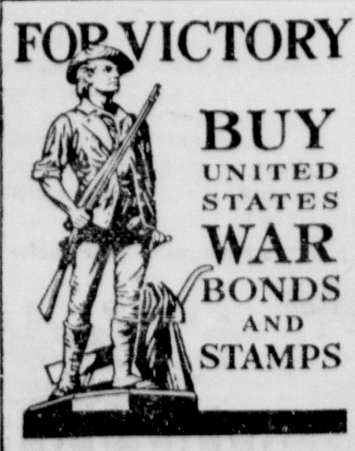

Any person who holds title to farm or ranch lands lying within a soil conservation district organized under the provisions of the Texas Soil Conservation Act, who has attained the age of twenty-one years and is a resident of the county, all or any part of which is included in such soil conservation district, has a legal right to vote in district elections. Supervisors shall be land owners in the district from which they are elected and shall be actively engaged in the business of farming or animal husbandry.

Hamlin's Bond Quota Of \$286,500.00 Lacked A Big Sum, Thursday, Noon

"This Is The Army" Turned \$911.00 Into Emergency Relief

Hamlin people have been privileged this week to see one of America's greatest pictures at the Ferguson Theatre.

"This Is The Army" had its premier opening here Monday night with a capacity house, tickets bringing from \$1.10, \$2.20 and \$5.50 including the tax. This noted screen production was sponsored in Hamlin by the Lions Club, with members selling tickets in advance.

Just before the opening, Lions Ted Russell and Mayor-Lion Joe Culbertson made short talks, the first on the bond drive now in progress. Mr. Russell stressed the fact that so far Hamlin had done nobly, but lacked quite a lot at that time. Mayor Culbertson expressed his appreciation for the co-operation of the Lions in selling tickets and making it possible for this community to contribute nearly \$1,000 to the Army Emergency Relief and at the same time enjoy one of the greatest Army pictures of this war period.

Lion President Haskell Carter expressed his appreciation to Mrs. Ferguson on behalf of his club, for the privilege of helping the Army in this way. He heard a "motion" back in the building which was interpreted to mean that some Lion wanted to propose Mrs. Ferguson as an honorary member and the question was put and the entire audience voted her that honor. She was presented to the president, who presented her with a beautiful pin. She modestly accepted.

Mrs. Ferguson said the receipts amounted to \$1,002.00 and after the War Tax was taken out, there was a neat sum of \$911.00 for the Army.

The picture was so popular that she carried it over two more nights on her regular run, and at each showing the house was well filled.

Thus by proper co-operation, a good and creditable job was done.

Flat Top Defense Club

The Flat Top Defense club entertained Thursday night with a pie supper. Mr. Ted Russell was the auctioneer. \$3,665.50 worth of bonds and stamps were sold. Our next meeting night will be October 7, when Mrs. E. C. James and Miss Winnell Schrimsher will have charge of the entertainment.

3rd WAR LOAN
Buy More Bonds

OVER \$220,000 BONDS BOUGHT TO DATE

THIS IS THE LAST CALL: The time limit for selling bonds in this Third War Bond campaign ends this Saturday night.

Hamlin community, the community interests, have purchased already over \$220,000 worth of war bonds in this drive. It is a magnificent showing but they say our Hamlin and community quota is \$286,500. So you see that we are far from the end.

Many local communities have gone beyond their quotas. Some of our neighboring towns and counties have gone over. We, Hamlin, lack only than \$60,000 at noon Thursday, September 30. Two more days to go. We believe it will be raised and more than enough to reach the quota. Remember for this town and community \$286,500 is a huge sum. The money is in our local bank, and the people who have it lying there should lend it to their government in this great task.

Safeway Store Has A New Manager

Wednesday morning Mr. and Mrs. Horace Justice and little son, left Hamlin for Abilene, where Horace takes the management of one of the good stores of that city. This is a promotion for Mr. Justice, and in that case his friends here congratulate him.

While in Hamlin Mr. Justice made many friends, in different circles and the fact that he goes to a larger field, is proof that he made good here.

The new manager is Mr. Walter S. Snead, of Sweetwater, a young man who has been with the Safeway Stores the past five years. He is moving his family, the wife and two children to Hamlin as soon as a house can be found. Mr. and Mrs. Snead have two children of school age, and would like to get a house as convenient to the Grammar school as possible.

Another new man is at the Safeway this week. He is Mr. T. A. Havins, of Abilene, who came last Friday. He has a wife and three children and they have a place to live in East Hamlin.

TWO BROTHERS DIED

About three or four weeks ago, Robert O. Davis, a brother of Mrs. Albert Moore was killed in a traffic accident in California.

Last Sunday another brother, Jesse Davis, died in Phoenix, Ariz., from some natural cause.

Mrs. John Jenkins and son Jimmie of Amarillo, are visiting her mother, Mrs. Lala Harbert and Mr. Jenkins' parents, Mr. and Mrs. O. L. Jenkins.

Our noble boys are making an heroic attack right now. Let's "Back Up The Attack." Tonight, this Thursday night, one of the greatest War Rallies ever held in this community will take place. Camp Berkeley soldiers are coming over to show various armored equipment, jeeps, armored cars, small tanks, and big guns and giant tanks. It is expected that our balance will be subscribed readily during this rally.

Many persons have voiced the statement that "We've bought bonds, but we'll dig out a little more to help keep our boys knowing that we folks here are doing our part to bring them back home." We are winning, the boys are carrying the "ball". They will win. But we—you—must help more.

Rotary Governor Made Friends Here

Tuesday afternoon, to Wednesday afternoon, M. W. Lamour of Graham, Rotary District Governor of the 127th District, mixed with the Rotary membership, making many friends and impressing them with the things Rotary is doing over a wide area of the world, that is free of Axis domination.

There are about 58 clubs in this district and it takes a governor almost his full time to visit the towns once during his term of office. Mr. Lamour went from Hamlin to the Rule club.

New Baptist Pastor, Rev. Martin, Arrives

Instead of reaching Hamlin the second Sunday of October, Rev. B. J. Martin and his wife arrived late Wednesday afternoon from McCombs.

Moving is a big and trying job for anybody, and for lack of time and information, the new pastor requests the Herald to briefly announce that he will conduct the services this Sunday in the usual programs beginning with the Sunday school through the evening services.

Mrs. Arnold Galloway is home and able to be about after a serious head operation and eight days in the Stamford Hospital. Her husband, Pfc. Arnold Galloway from Fort Bliss, Texas, stayed with Mrs. Galloway during her illness, but has returned to camp now.

Mrs. J. J. Hines is making her daughter, Mrs. Annie Garner in Berkeley, Calif., a present of the Hamlin Herald for one year.

W. A. Arrington Is Claimed By Death

On Thursday, September 23, while Mr. and Mrs. W. A. Arrington, and their daughter, Mrs. Ray Huling and Mr. and Mrs. J. M. Dabose were at Seymour, on their way home after a visit with Byron Arrington, in Oklahoma City, Mr. Arrington became ill and died within a short time. Death came at 4:35 P. M.

Mr. Arrington was born in Alabama January 2, 1874. He came to Texas at the age of 17 and settled with his parents in Wood County. He was married to Miss Mary Cowley Dec. 11, 1901 and the family came to Jones county in 1921 and settled in the Hanna community where he was prominent as a farmer. In March of this year they purchased a home in Hamlin, near the Grammar school.

The survivors are the companion and two daughters, Mrs. Huling of Hamlin and Mrs. Jess Matheson, of Amarillo and one son, Byron Arrington, of Oklahoma City. There are five grand children and four brothers and one sister.

Funeral services were held in the First Baptist church of Hamlin, at 3:00 P. M., Saturday, with Rev. L. D. Crumpler, a former pastor of the family, officiating.

Burial was in the Fairview Cemetery by the Barrow Company.

An offering for World Service will be placed on the altar of the church.

The church must not fail our country in its time of greatest need. America needs a new birth of moral and spiritual vitality. The church should lead in a great spiritual advance. Let Hamlin Methodism meet this challenge and help to bring "Peace on Earth and Good Will Among Men."

Rally to the church and to your Christ and attend the Rally Day services next Sunday.

Visitors are welcome.

Mexican Woman Died On Street Monday

Monday night about 8:30 a truck bearing several Mexicans rushed up to the corner of the John T. Day Hardware building with a woman suffering great agony. Hurry relief was attempted, a doctor was called, who administered to her, but within a few minutes she was pronounced dead.

Barrow Company took charge of the body and prepared it for the trip to Donna, Texas. The people were gathering cotton on the Tom Holman place, and had been here but a short while.

THIS WEEK

A LITTLE BIT ABOUT

This

AND A LITTLE BIT OF

THAT

—We see where old Mussolini has had an operation to correct his liver. We have known all the time that the old buzzard had a bad liver. He is like some other old guys, when they act crazy-like, better look into the liver. Sometimes we think the liver has about as much to do with the way some folks talk and act as the brain does.

—The American people like to use slang. It is a common thing to hear "It's just a bunch of Hooley." Hooley here and hooley there. Just a hooley age. In fact, there is too much hooley going around to entertain folks these days... just a lot of bologna! But slang helps some people pop off, or else they would "bust" wide open. So slang has a use.

—The Hooley Age is just starting... listen, the year 1944 will be the greatest hooley year in our history... it is already springing up. Some folks are having monkey fits for fear the other fellow is going to get some credit... this is the best time this nation ever had to keep an even keel, steady pulse, all along the line. Bud, you need not get "skeeered" while Uncle Sam still reigns. You just try some dirty trick and see.

—One of the hooley harangues going about over the country is a lot of rot about this nation losing its Democracy, its individuality, its private enterprise, etc. It does look like anybody, even a hooley-monger, would understand that such hue and cry is weakening confidence right when we need every ounce of stamina to finish a fight that was thrust upon us. Let's cut out such bologna. One of these days the Germans and Japs will have their breaches beat off them, and then, if there is something that scares you in the home land, don't fear, it will be taken care of. Remember, chap, you can't go along as usual and fight a terrible war. But maybe you are not making as many dollars as you think you should—hence all your hooley, and howl.

—Read what Major Leo Fielder says in this issue. Maybe it will cause you to bow your head in shame to think of kicking about your country. It is such boys as Fielder who are holding back the demons of death from this lovely country. Of course Fielder is getting a pretty good salary but he is not thinking of just dollars and glory for himself. He is not hunting an easy spot to light, but the hot spots of the Germans to blast the hell out of them and then come home. Maybe such fellows as Major Fielder will have enough guts to stand a few chizelers up in this country and get 'em told.

—Well, let's cool down a bit. The clouds have been with us about two weeks now. Some rain has fallen and ere long winter will soon be here. But if it does not rain more we will not have many turnips and greens... and hog ribs and back-bone and hog "jaw" may be scarce... but we'll get along like kings compared to what we are going to hear about before spring again.

How Long Will Germany Last?

It would seem that preparations in Washington and London point to at least another year of war with Germany.

To this date there is no let up in ship building, no let down in airplane construction, no talk of stopping enlistments of soldiers, and more and more of everything is being arranged for. That is all well and good. Better have more than is needed than a speck too little. Too little and too late costs lives in war. Just this one thing to keep in mind: Germany and Japan are going to be blown to bits of rubble, if it takes years and years after this one. But both of them and all others can have peace, security, prosperity and full independence if they will surrender and use a little common sense.

How long will Germany last? It looks like our prediction will come true. ... Germany down by Dec. 15. (Anyone will allow us thirty days of grace on that guess). The greatest nation to be grateful for, by this United States, is Russia. Russia has kept the horrors of bombs from this country. True this country and the British Commonwealth has furnished Russia much to fight with, but every dime spent for her help has saved untold misery to our men and this homeland. Russia has got the Germans on the backup, and why think of anything but that they will keep up the pressure till every German is off the Russian soil? Why think Russia will stop even at the border of Germany? Russia has a grudge to pay, and every occupied country has enough to pay back to Germany till it would be unreasonable to think they would hesitate on the border of Germany. That's where they will throw up their hands and surrender. ... to the border the fight must go. ... and in and on till their home firesides will know what war sounds like.

How long will Germany hold out?

Remember this: the nearer our forces get to Germany's border, the harder she will fight. Every country now occupied will be a rubble of death and destruction before Germany backs out of it. Every sizeable city in Italy, even Rome and the Vatican City will be in ruins before they give it up. Hitler has said "If we go down we shall take the rest of them with us." Every larger city in the suffering countries will be laid waste, like Naples. But that is war as designed by Germany and Japan. When Our Forces reach Germanland or when hunger gnaws at the stomach of the German population, then, and not till then may we expect a surrender. In the meantime, Our Airforces will pound and beat down every factory, port, plant of war that can be found, and only the weather can prevent the constant bombing. They asked for it and from here out they will get more than human endurance can take. Have they got common sense? It is past time to use it. This United States has not yet used one-fourth of her power in materials, manpower and ingenuity.

Again this column says it would be a good stroke to drop out over Germany a few thousand prisoners to let them tell what is coming if surrender is not quickly coming. The people of Germany can not know any other way till it is too late.

SYLVESTER NEWS ITEMS

If all the people were as anxious to buy bonds as one little eleven year old girl in our community, there wouldn't be any trouble in making our quotas. The young lady I am speaking of is Ivy Mae Whitten, daughter Mr. and Mrs. T. D. Whitten. Ivy Mae decided as soon as school was out in May she wanted to earn money for a bond. She caught mice at one cent apiece, but decided that was too slow so she asked her mother if she would give

her a quarter for each two books she would read. Her mother agreed. Ivy Mae read books from the Baptist church library. When cotton was ready to pull, she pulled bales. She went into the post office on Saturday and bought stamps to finish her book, then turned her book in for a \$25.00 war bond. Ivy Mae is very proud of her part in helping to win this war. She has a brother, Pvt. Creston Whitten in the Marine corps in California. Good girl, Ivy Mae.

Mrs. Beatrice Owen has returned home after spending the summer months visiting her daughter, Mrs. Fern Zott, in Richmond, California. Mrs. Zott's husband is overseas with the navy.

Mrs. Marie (Lawlis) Henley is spending a few days with her parents, Mr. and Mrs. Edward Lawlis before going to work in Roby.

Mrs. Henley has been in San Antonio with her husband until his transfer.

Lieut. Albert Maberry of Camp Shelby, Miss., and Pvt. Clarence Maberry of Ft. Sam Houston, San Antonio, are visiting their parents, Mr. and Mrs. J. P. Maberry.

A bridal shower honoring Mrs. Jean (Kelly) Bearden was given last week by the 3-H Sunday school class in the home of Mrs. Paul Turner. Many lovely and useful gifts were received. Jeanie, we wish you the best of luck.

Congratulations to Capt. and Mrs. Herbert McHaney on the arrival of a son, James Herbert, Jr. on Sept. 22. Capt McHaney is overseas with the Seventh Army.

Good wishes and congratulations for Sgt. and Mrs. Bill Bridges. Sgt. Bill Bridges of Camp Barkeley and Miss Elizabeth Parsons were married in Sweetwater on Sept. 25th. Sgt. Bridges is a native of Tenn. Mrs. Bridges is the daughter of Mr. and Mrs. T. W. Parsons here. Elizabeth finished High school here and with her sisters owned a beauty shop in Abilene for some time and still plans on making her home in Abilene.

Mr. and Mrs. Frank Lawlis of Lubbock visited in the homes of Mr. and Mrs. G. S. Barnes and Mr. and Mrs. George Lawlis over the week end.

Mr. and Mrs. Truman Chapman of Lubbock, Mr. and Mrs. Tom Bolin and children of Sweetwater, visited in the Sim Chapman home over the week end.

Mrs. Herrill Snider and yours truly were in Sweetwater Saturday afternoon shopping.

Mrs. Allen Josey, Sgt. E. Free, Ruth Allen Josey were in Abilene Saturday on business.

Ensign and Mrs. Hubert Taylor visited the Clayton Carrolls over the week end.

Cpl. Mack Blair and Pvt. Carlton Brewer and S-Sgt. Jimmy Peace of Goodfellow Field, San Angelo, are spending a short leave with friends and relatives here.

Mrs. Kate Boyd of the Newman community was surprised with a birthday party last week. Ice cream and cake were enjoyed by Mr. and Mrs. Calvin Elliott, Mrs. R. A. Boyd and Earl, Mr. and Mrs. Guy Mauldin and children, Mr. and Mrs. Lee Mauldin and children, Mr. and Mrs. Herrill Snider and son, Merenna Vaughan, Mrs. Darl Mauldin and son Leroy.

I wish to thank Mrs. E. P. Harris for a year's subscription for her family and her father-in-law, also Mrs. Pearl Henson one year's subscription, and Mrs. Pursley for the subscription for her son, Pvt. Eldon Pursley.

I GIVE YOU TEXAS

(By BOYCE HOUSE)

"Little Aleck" Stephens, who was vice-president of the Confederacy, made a point when he was joint-debating in a race for Congress. His opponent, a heavy-set man, said, "Why, I could swallow Stephens at one gulp." Instantly, Aleck retorted, "If you did, you'd have more brains in your stomach than you've got in your head."

While one Austin statesman says that gasoline rationing is unnecessary because "the people of Texas are drowning in oil," the oil industry of the State has been pleading for more than a year for an increase in the price of oil on the basis that wildcatting needs to be encouraged so new fields can be discovered and a famine in oil prevented!

Personally, I think the oil men know more about the oil situation than the Austin politician does.

The people of Texas may be in danger of "drowning" in something but I never heard it called "oil" before!

Millions Of Men Now Travel By Pullman

Taking all of Jones County's 23,400 people around the world in sleeping cars more than 27 times would be a tremendous undertaking, yet that is actually about the size of the troop movement job reported today by The Pullman Company.

Since Pearl Harbor, Pullman has carried about 14,000,000 troops a distance of more than 15 billion passenger miles in its sleeping cars, the company reports. These figures are said to cover mass military movements alone, and do not include the heavy travel of furloughed men and others.

Many of the boys from Jones County, like servicemen from all parts of the country, are getting their first Pullman rides, according to George A. Kelly, vice-president of the company. Now most of them are making six or seven trips by Pullman, as the intense training program of the armed services necessitates that many moves or more prior to embarkation for points abroad, he said. In addition, the Army and Navy believe in all the comfort possible for the members of the armed forces, he declared, and about two thirds of all military movements by rail are by Pullman sleeper.

Pullman is now carrying more than 800,000 troops every month in mass movements, it is revealed by Mr. Kelly, who pointed out that in addition to this heavy and steadily increasing military passenger burden, civilian travel itself is also at a record-breaking level. He believes that Pullman's passenger mile volume for 1943 may exceed the 1942 all-time high of 19 billion by 30 or more per cent.

"The military and civilian passenger burden of Pullman and the railroads today is so heavy," Kelly said, "that there is unfortunately little margin left for some of the conveniences travelers enjoyed in peace time. Service today is war-time service, and by their understanding and tolerance of this fact, travelers can help us greatly in the performance of our vital job."

About Soldiers--Sailors

MAJOR LEO FIELDER

WRITES FROM SICILY

August 25, 1943, to Coy at Tahoka:

"Just received your letter of July 30, which was the first I have heard from you in 3 weeks. A lot has happened since I last wrote you. Besides our operation, we have been in three moves, so you see we have been quite busy. Well, now that the Sicilian campaign is over, I am at liberty to tell that we were in the operations of bombing the two small islands, and also Sicily. We were in it from the beginning to the finish. O yes, another interesting thing, we were stationed on the island fortress of Malta for about three weeks. Quite an interesting place it is. A lot of history behind the place. You have probably guessed—we are somewhere in Sicily. Not such a bad place, but hardly see that it is worth fighting over. It is a very rugged country with some farming and stock raising. There are three or four pretty good sized towns, but not much left of them. It is not so bad living in a conquered country, as a majority of the public is glad we are here and are for us 100 per cent."

"I have just returned from a tour of the northeastern part of the island where the heaviest fighting and bombing took place, and believe me, it is a sight to see. One town in particular, which we bombed quite heavily, is a complete shamble of ruin. There is not a single building in the entire town that is left untouched. It more clearly indicated to me what concentrated bombing will do. The civilian population of these towns is in a pitiful state of being. The country has been almost starved the past few years, plus what the German army has taken from them, leaves things in a pitiful condition. These sights have made me to fully realize how fortunate the American people are that this war is not being fought in our own home land. If all my efforts in this war only accomplish the one thing of keeping the evils of war away from our country and people, then I will not have served in vain. I only wish there was some way I could transmit this picture to some of our so-called citizens who are not satisfied with working and living conditions which they have to endure."

"As for my coming home, I see no soon possibility of such a thing. Yes, I am a bit tired, but my work is still interesting. I am in the happiest position of my life. It is a great feeling to have a command, and know that you are looked to as their leader."

Leo Fielder

(Major Fielder is one of Hamlin's first young men to get into this fight. He has been in the front lines of bombing with his fast planes since the fight started in Tunis. He ought to know the battle tricks from A to Z by now. Luck to you, Major).

Pvt. Frank Campbell sends his parents a letter that says "I am back again," and up there "round New York, somewhere." You see this old Hamlin kid has seen a lot of water lately. It sounds pretty safe, as he goes over and comes back, surely he is not riding a Ford."

Mr. and Mrs. Tate May went to Camp Wolters Wednesday afternoon to see their son, Pvt. James Tate, who was to be sent immediately to some camp in Mississippi.

Corporal James Whitaker writes us from the new camp of the 90th Division in California how well pleased he is to be nearer his home. He also wants the Herald to say for him that he appreciated the courtesies of his Hamlin friends while he was in Camp Barkeley. He says, "Hamlin was second only to my actual home, and I will always feel that way." James is a son of a former pastor of the Nazarene church in Hamlin. He is in the 345th Field Artillery.

— S & S —

Sgt. Claude C. Dobbs from Fort Bragg, N. C., was here Wednesday and Thursday visiting friends. He lives in some other place, but feels like Hamlin is his home. Dobbs has been in the army since 1941, saw lots of the SW Pacific, but no battle experience. He says that since coming back from the islands, Hamlin Herald, months old, are still reaching him, much worn but readable. The army postal service is doing a great job in getting such mail to our men. And there's nothing they enjoy better than a little paper from people where they have lived or are known.

— S & S —

It is about time to hear something more about our Hamlin officer, William B. Teague, who is still taking treatment for loss of a limb, at the Walter Reed Hospital in Washington. He is expected home right away. The Herald has a clipping, and his picture, telling quite a bit about how he was wounded in New Guinea about a year and half ago. We had better wait till he comes in to relate anything.

— S & S —

Sgt. A. L. Hudson came in last week from Brooks Field, San Antonio, to spend 15 days at home with his mother, Mrs. O. S. Hunter. This young man has been in the service over two years.

— S & S —

Staff Sgt. Fred B. Moore came in Tuesday from Gore Field, Montana, to spend a good furlough with his parents, Mr. and Mrs. F. B. Moore. This is another young Hamlin man who is making mighty good in the army. Fred B. looks the picture of health and pep.

Clay Bailey, who has been with the Coast Guard Patrol, has been sent to San Diego for training in the Radar school. He was one of eight out of many chosen for this new field of training. Bet he will make good there, too.

Women at Work for a Railroad at War

America needs millions of women to take over war jobs... to stay with those jobs... to help speed the day when our fighting men will return victorious!

Santa Fe women are answering this call all along the line.

Right now thousands of Santa Fe women are doing war-vital work to "keep 'em rolling." Many are pitching into "unglamorous" jobs... greasing engines, operating turntables, welding shovels, working in blacksmith shops,

and cleaning roller bearings. They take pride in their work, too!

Many of these women have husbands, sweethearts, brothers or sons in the armed forces. Many came to work to replace a Santa Fe relative who had been called into service. Others took jobs because they knew womanpower must step in when manpower goes to war.

☆ We of the Santa Fe salute these women who know that what they are doing is vital to Victory!

Juniors Oorganize Labor Party

Work! Work! That's our theme song. We realize how unusual that is, especially for a gang of Juniors. But nevertheless, the Junior class of Hamlin High has decided to do something about the labor shortage. You need some help, we need some money. Next Wednesday, and Thursday afternoons, Oct. 6th and 7th the members of the Junior class will be at your service. We'll do what you don't want to do from 5 P. M. until 8 P. M. We will wash dishes, scrub floors, mind the baby, wash the car, rake the yard. Anything you want done. If you would like to make an appointment or have some particular boy or girl help you, call one of the following numbers: 282, 351J or 242.

This is your chance to get some work done. We are eager to help you. So call on us! Reporter

Woman's Missionary Society

The Woman's Missionary Society of the First Baptist church meets Monday afternoon at 3:30 for the installation of new officers for the coming year. Mrs. Carl Young is the new president. Mrs. J. W. Ezell, vice-president; Mrs. H. O. Cassle, secretary.

Two new circles have been organized. One the Delta Circle on the South side, and a Business Woman's Circle.

The Young People's work is well organized with sponsors for each organization. We are hoping to have a good representation Monday.

The new year books are ready to give out, and we have our new Bible Study books here. It is also the beginning of our week of prayer program for State Missions.

The weather has been so hot that all organizations have suffered a decrease in attendance. But now it is cooler and with a new pastor and his wife moving into the parsonage again, we should all take on new courage and make this year our best year's work in our church.

Miss Maxine Brundage A Teacher In Chicago Conservatory of Music

Information has been received that Miss Maxine Brundage, daughter of Mr. and Mrs. B. M. Brundage of Hamlin, has been selected as a teacher in the Chicago Conservatory of Music where she is now taking her senior work. This is an unusual honor to be given to a student. Congratulations Maxine. The Herald is proud of our girls and boys.

American Legion Post Urges Physical Fitness Courses and Drilling

RESOLUTION

Whereas:—The experiences of the armed forces of the United States since our engagement in World War II shows that 33 per cent of those called to the service are physically unfit for military service and most of this could have been corrected by proper physical education and

Whereas:—A large majority of the students attending secondary schools in the past have not taken part in any directed physical education and

Whereas:—The National and State Departments of Education along with the heads of the various departments of the armed forces are strongly recommending to all High schools that they institute courses of physical fitness including military drill, making such courses available to all students and particularly to all male students attending these schools and

Whereas:—The results obtained in schools where the program of physical fitness and military drill were given last year have been highly complimented by the military authorities who have observed those who have gone into the armed serv-

ices who have received this training in schools prior to their induction and

Whereas:—It is believed military drill instructors may be obtained from Texas Guard Companies, returned soldiers, army training camps and World War I Veterans.

Be It Resolved:—That Anson Jones Post No. 72, The American Legion, Anson, Texas, in regular meeting assembled September 6, 1943, urgently recommended to each of the High schools of Jones County make an ardent effort to institute physical fitness, including military drill into their weekly school programs, particularly for male students and in so far as possible for the girl students.

Be It Further Resolved:—That a copy of this resolution be mailed to each of the High school superintendents in Jones County, a copy to each of the county news papers and a copy made a part of the minutes of this meeting.

Resolution passed by unanimous vote of the Anson Jones Post No. 72, The American Legion, Sept. 6, 1943, Anson, Texas.

Attest: F. L. AKERS, Adjutant

How Your Fire Insurance, too, Helps "Pass the Ammunition"

Little-known services, now in vital war role, have reduced fire losses and average rates 40% . . . while your premium dollar has contributed to profits an average of only 2 2/3c!

"Dear Fellow-American: Few people realize that tanks and guns, planes and food supplies are reaching the fighting front faster . . . because of little-known extra services rendered by the leading fire insurance companies I represent.

"These services guard vital industries and individual homes and lives. And because they reduce fire losses, they have greatly reduced the cost of fire insurance to you as an individual.

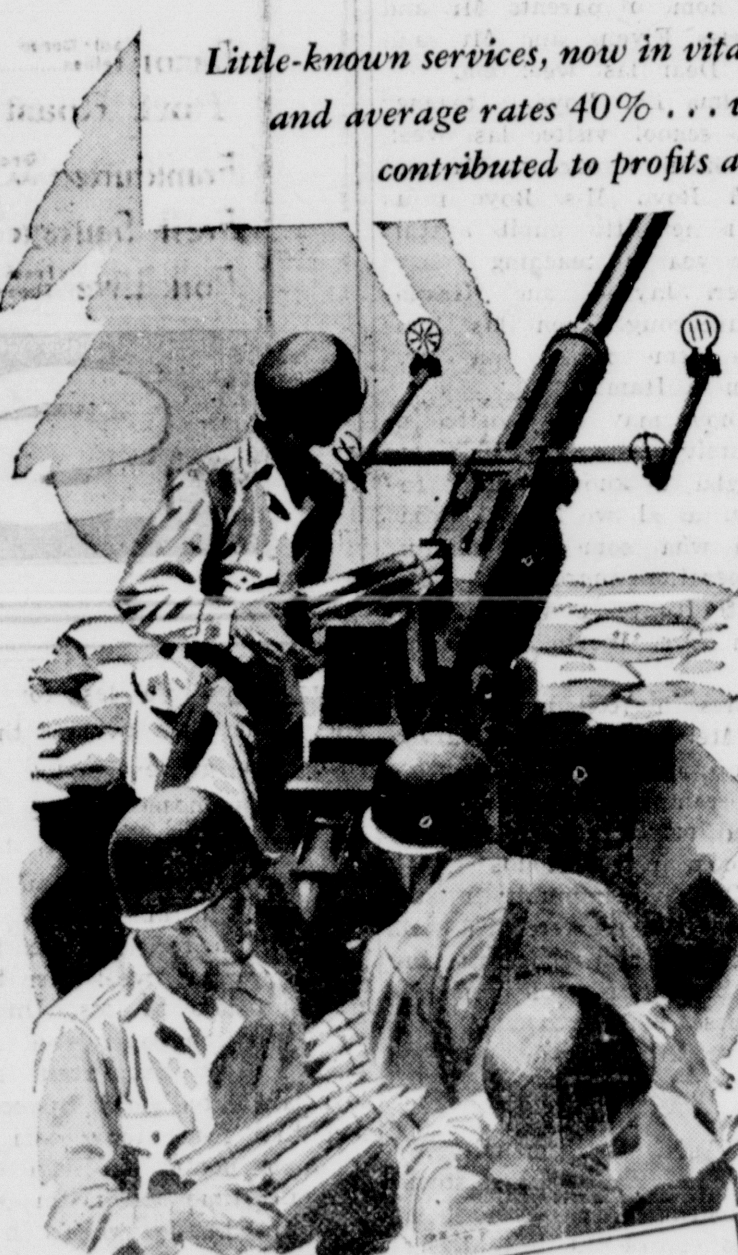

"What are these extra services? Here are a few of them:

FIRE PREVENTION ENGINEERS

These experts act to improve fire protection of war factories, grain elevators, wharves and docks. They regularly inspect cities and towns from coast to coast—map fire hazards, check fire-fighting equipment and alarm systems, help to plan fire-safe schools.

"In 30 years, such services as these have reduced both the rate of fire-loss and the average cost of fire insurance by more than 40%! Out of each premium dollar, 97 1/2c on the average has been applied to the payment of policyholders' losses, taxes and other necessary costs of operation. Only 2 2/3c has remained as 'profit'—to strengthen the companies' ability to pay unusually heavy losses should they occur in the future."

Let us give you the sure protection of this double-duty insurance that pays if fire strikes—and helps keep fires from starting.

FREE! Fascinating guides to help you hold your own Fire Prevention Week in your home! Included are interesting check lists to spot dangers—hints that might save your family's lives—ways to check fire hazards in your job or business. They're free—ask us for yours today!

POT SHOTS FROM M'CAULLEY

BY GEO. DARDEN

Chief Petty Officer Elwood Kean and wife of Arlington visited last week end in the home of parents, Mr. and Mrs. W. C. Kean. The Kears are being transferred from Arlington to Corpus Christi.

The first meeting of the P-T. A. for this year was held Friday at the school house. Mrs. Melvin Courtney, president, presided. After a short business session, the following program was given: president's message, by Mrs. Levi McCollum; Freedom of Normal Home Life, by Mrs. G. D. Jones; Purpose of Lunch room by Mrs. J. W. Rush. The following members were present: Mmes. Melvin Courtney, O. T. Hennington, L. E. Rector, George Maberry, J. W. Rush, C. D. Jones, Levi McCollum, Omar Prather, Louis Boyd, M. S. Sewell, Jeffries, H. P. Powers, Ora Darden and Geo. Darden; Mr. H. P. Powers and Roy Hennington.

Mrs. J. W. Rush honored Pvt. A. J. Cook with a party last Saturday night in her home in East McCaulley.

Mrs. Melvin Henderson has gone to Dublin for a visit with parents, Mr. and Mrs. S. A. Johnson.

Mrs. R. L. Miers, Mrs. Luther Rector, Mrs. Geo. Darden and Mrs. George Maberry attended a tea honoring Mrs. Roland Roberts, nee Mabel Headstream in the home of Mrs. C. M. Jay in Roby last Thursday afternoon. Mrs. Roland is Fisher County Treasurer. She was married in July in Boise Idaho, to Staff. Sgt. Roberts. Mrs. Roberts has returned to Roby to her office duties.

The Women's Missionary Society of the McCaulley Baptist church opened its week of prayer for State Missions Monday evening at the church. Mrs. W. C. Kean was in charge of the program. Eight ladies were present. All ladies of the church are urged to attend these weekly meetings.

J. O. Jones, L. B. Miers and Louie Jones of Slaton were visiting in McCaulley a few days ago.

Bennie Ray Jones, son of Mr. and Mrs. C. D. Jones, was home last week end from McMurry College.

McCaulley Senior Class Organizes
Members of the McCaulley Senior class met last Wednesday and elected officers as follows:

Kenneth W. Decker, president.
Mary Ann McCollum, vice-pres.
Patsy Berry, secretary.
Joan Shelley, reporter.
H. P. Powers, sponsor.

Class motto and class colors are to be decided on at the next meeting.

The members of the 1943-44 class are looking forward to an enjoyable year. Schedules and subjects have all been arranged whereby all members of the class were given some options and have thus been able to select satisfactory courses. One or two of the members will probably graduate at mid-term.

Juniors Meet

The Junior class of the McCaulley High school had its first class meeting Sept. 23. The class met to organize for the year. Sponsors elected were: Mr. and Mrs. Melvin Courtney; room mother, Mrs. George Maberry; officers, Nelda Lee, president; Ruby Joyce Redus, vice-pres.; Bobby Maberry, sec'y-treas., and Johnnie Max Jones, reporter.

Mrs. O. T. Hennington's pupils gave a program at the school house last Friday afternoon before the P-T. A. meeting. All present enjoyed the program given by these little folks. Mrs. Hennington is a mother to 36 youngsters nine mos. out of the year and is doing a good job with the little folks.

The school lunch room is still not in operation due to the fact that we are waiting on a gas meter permit from Washington. Might be a wise idea for some one to wire the Congressman about the un-necessary hitch.

County Commissioner E. C. Waldrop attended the Judges' and Commissioners' convention in Midland last week.

Mr. and Mrs. Granville Dean and daughter of Fort Worth were visiting in the home of parents, Mr. and Mrs. Charles Eivens and Mr. and Mrs. John Dean last week end.

Miss Velma Lou Boyd, a teacher in the Dal school, visited last week end in the home of parents, Mr. and Mrs. L. H. Boyd. Miss Boyd is as happy as is her little pupils a sthis is her first year at teaching.

Mrs. Vera Jayroe and Grandmother Yarborough spent last Sunday in the home of Mr. and Mrs. Bill Pickron in Hamlin.

Soldier boys may have visited in this community last week, if so we would be glad to know about it for this column, as all we know is what we see and what some one tells us. Your co-operation appreciated.

Miss Ruth Hunter is visiting with relatives in Fort Worth and Dallas this week.

On business in Abilene last Monday were Melvin Hunter, Harvey Hennington and this scribbler.

A nice rain is falling at this writing and more rain is expected from the looks of the clouds.

The McCaulley community is still in need of cotton pickers. The cotton is white, the crop short and the gin hands playing mumble peg and pitching horse shoes and the gin manager with the ring tail. Come to see us.

COMMENT No. 1—Personally, we have always had the farmer, stockman and laboring class of people at heart and of course the way things are just now most people don't know just where they are in a business way. One day we get a new ruling about this and that, and maybe the next day the rule is changed altogether. Right now, the farmer and ginner is in the same boat. Under the present system of handling cotton seed, the ginner as well as the farmer is in the dark all the time as to where he stands. When cotton seed are delivered to oil mills they are sampled and analyzed by a chemist and settlement is made to the ginner on actual grade of the seed foun. In the meantime, it is impossible for the ginner in buying seed to know what he is going to receive for those seed. The ginner is allowed \$3 per ton for buying and handling seed, but if the grade of the seed is lower, then the

oil mill pays him less for the seed. The ginner has to lose the difference. The ginner buying seed this week is supposed to pay for them on the supposition that the grade this week will be the same as it was last week in his county. If the grade of the seed is better this week than it was last week then the farmer has to take the loss. Under existing regulations basis seed are rated at 100. Seed that grade less than basis are rated down by points, and seed that grade above basis are rated up by points. We have been asked many times about this seed business and though we are in the gin business we are in the same boat with the farmer and we never know what will happen next but just want to be honest with our customers by explaining to the best of our ability the seed situation as it exists today. Oil mills have a protection that neither the ginner nor farmer has. Oil mills buy their seed on guaranteed grades paying for what they get. Neither the farmer nor the ginner has any sure basis on which to figure the value of cotton seed at the gin, so the farmer and ginner are still in the same boat. And about all we can do is to sit and wait for OPA to issue another order and pray to the good Lord that they in the OPA will some day see the light.

FLAT TOP NEWS

By Winnell Schrimsher

The Flat Top Defense club has re-organized and the following officers were elected: Mrs. Earl Brown, president; Clinton Packwood, vice-president; Winnell Schrimsher, secretary; Mrs. E. C. Davis and Mrs. Larry Holmes, program committee, and the committee in charge of selling bonds is Homer Neal, Earl Brown and Charlie Carter.

Nice crowds attended preaching services Sunday morning and night. The pastor and his wife, Rev. and Mrs. J. D. Holt, were guests of Mr. and Mrs. Roy Bruner.

(The above is only a part of the Flat Top news received too late last week for publication).

Mrs. G. Cleve Dunn has returned from Ruidosa where she spent the summer operating the Texas Cabins. Mrs. Dunn reports a successful season.

Miss Florene Smith was up to visit home folks last week. She went to Norton, Kansas, to spend a part of her vacation before returning to her job at the Consolidated in Ft. Worth.

There is one group in this country that is contributing nothing to the war effort; on the contrary, it is a liability. They are criminals who have been found guilty and are "laying out" their fines in jail. They are sitting around, playing cards, telling jokes, reading magazines, eating regularly and getting plenty of rest—at the expense of the taxpayer.

Every patriotic citizen is willing to buy all the war bonds he can and to pay his share of the taxes to run the war, but he is not willing to have his money wasted on these unpatriotic, lawless bums, who are infesting the jails of the land, "laying out" fines. In many cases, they have the money—or could get it—to pay the fine. If they can't or will not pay the fine, then all who are able-bodied should be compelled to work it out.
